

Wheel of Knowing

a story of hope...

Melanie has life all figured out. She knows she can conquer any challenge as the perfect Christian wife and mother. Against the advice of her family, Melanie brings her Alzheimer's inflicted father, Sam into her home. Although she's certain she can help, Sam's delusions and disruptions start to unravel Melanie's "perfect" life.

In her attempt to reach Sam, Melanie fails to notice her own family falling apart. Caught between countless obstacles and Sam's relentless needs, she begins to feel as lost as her father.

Stretched to the brink, Melanie must find a salvation that is beyond her own understanding. Something that might be locked in Sam's broken mind. Something that must be revealed by God.
